

PermeOx® Plus Pricing

(Effective 4/28/05)

PermeOx® Plus is a low-cost biological enhancement/oxidation product offered for use in the environmental industry for accelerated bioremediation of soil and groundwater contamination as well as phytoremediation, municipal and industrial wastewater treatment and odor control. The original formulation of PermeOx® was refined in 2001 by FMC Corporation into **PermeOx® Plus**, a product with less dust, higher oxygen content (18% active oxygen versus 10% for its leading competitor), longer oxygen release rates and available at a lower cost than competitive products.
