

SITE SUMMARY FORM

Site Name: _____ Location: _____

Provided By (name, company): _____

(address, telephone, e-mail): _____

This information will be considered. Please provide **site information** such as a site maps, lab data, and cross sections of the area to be treated. This will ensure that the proposal includes the correct area of concern.

I. UNSATURATED CONTAMINATED ZONE INFORMATION

General Soil Description: _____

Volume to be Treated (cy): _____

Length (ft): _____ Width (ft): _____ Thickness (ft): _____

Soil Density (lbs/yd³): _____ Porosity (%): _____

Types of Contaminants:

Average Concentration (ppm):

Cleanup goals (ppm):

II. SATURATED CONTAMINATED ZONE INFORMATION

General Soil Description: _____

Average Depth to Groundwater (ft bgs): _____ Water pH: _____

Volume to be Treated (cy): _____ Length (ft): _____

Width (ft): _____ Thickness (ft): _____

Soil Density (lbs/yd³): _____ Hydraulic Conductivity (cm/s): _____ Porosity (%): _____

Types of Contaminants :

Average Concentration (ppb):

Target Cleanup (ppb):

III. NAPL INFORMATION(Free Phase)

Volume of NAPL-Bearing Soil (ft³) : _____

Length (ft): _____ Width (ft): _____ Thickness (ft): _____

Type of NAPL : _____

IV. SITE HISTORY

Past Use(s)/Contaminant Source(s): _____

Current Site Use(s): _____

Post-Remediation Use(s) - If known: _____

V. HEALTH AND SAFETY CONCERNS

Identify Near by Building uses : _____

Subsurface Utilities: _____

Aboveground Utilities: _____
